"PROPHET" DOWIE HOLDS LAST DRESS REHEARSAL

Restoration Host Now Prepared for New York Invasion.

CHICAGO, Ill., Oct. 12.—To martial, triumphant music, the "Restoration Host" of Zion City passed in review before John Alexander Dowie, general overseer, yesterday at Zion City. The registration of names showed 3,000 enlistments. Recruits from the Zion missionary fields in the West and Southwest are arriving daily, and, according to Mr. Dowie, the army of crusaders which will depart Wednesday for the spiritual conquest of New York, will number 4,000 men and women.

The last Lord's Day before departure was a day of preparation and prayer in Zion. Several excursion trains were run from Chicago, and thousands of disciples of Dowie, who still live in Chicago, were poured into the pretty little city by the lakeshore "midway between Beer and Babel," forty-two miles north of Chicago, and an equal distance south of Milwaukee.

Zion never was so crowded. In honor of the occasion flags fluttered from every public building, not only the Stars and Stripes, but the flags of the nations which have contributed to Zion's enlistments. The roof of Eljah's "hospice" was a mass of waving banners. Dominant everywhere was the blue, white, and gold of Zion's flags.

MIDSHIPMAN IS SHOT ON BRAZILIAN SHIP

NEW YORK, Oct. 12.—Two midshipmen of the Brazilian corvette Benjamin Constant were in their quarters yesterday morning aboard ship, and one, Midshipman Hecker, was toying with an "unloaded" revolver. It was suddenly discharged, and Midshipman Pereira fell dead with a bullet between the eyes. Word of the tragedy reached the ears of Coroner Scholer, who promptly took boat and made his way out to the cruiser, anchored in the North River off West Thirty-fifth Street. There he was politely informed that the death of the young man was none of his business, as it had taken place on board a Brazilian ship of war, which was equivalent to its taking place in Brazil, the ship being recognized as Brazilian territory.

ANOTHER TRAGEDY WHERE HECTOR MACDONALD DIED

PARIS, Oct. 12.—Frederick Grienglim, editor of an art paper, reported to the clerk of the Hotel Regina that a young woman had killed herself in his room. The dead woman proved to be Elisa Papescu, a Roumanian singer. The police believe she was murdered. The Hotel Regina is where Sir Hector MacDonald, of the British army, committed suicide last March.

EX-PRESIDENT HOME AFTER TEDIOUS DELAY

PRINCETON, N. J., Oct. 12.—Ex-President Grover Cleveland, after a long and tedious journey with a delay of twenty-four hours, arrived yesterday morning at 9 o'clock on the private car Yakamaru. He left Buffalo Friday, after the funeral of ex-Postmaster General W. S. Bliss, and was expected back Saturday morning, but the floods caused delay. When seen last night he said: "My trip was a hard one and the delays were exasperating, but I was resigned to my fate and knew it was inevitable. I suffered nothing more than inconvenience."

DUCHESS OF MARLBOROUGH WILL GO TO VIENNA

LONDON, Oct. 12.—The Duchess of Marlborough has decided so much better than the advice of the Austrian aristocrat whom she consulted this summer, that she is shortly returning to Vienna, where she intends to remain for a year in order to undergo a thorough course of treatment. Her sister-in-law, Lady Norah Spencer-Churchill, will go with her and remain for some part of the time. In consequence of the duchess' intentions, Blandford House, as the new residence in Curzon Street is to be called, will not be occupied next season, even if it is ready for occupation.

LORD SALISBURY IN THE CABINET

LONDON, Oct. 12.—The interesting announcement was made last night that the new Marquis of Salisbury, formerly Viscount Cranborne, will enter the cabinet as lord privy seal, the office held by his father until his retirement last year when Mr. Balfour assumed the post, without taking the salary of \$10,000 specially attached to it when the late Marquis of Salisbury took the position. The cabinet now consists of nineteen members.

CRUSHES OUT THE LIFE

The most loathsome and repulsive of all living things is the serpent, and the vilest and most degrading of all human diseases is Contagious Blood Poison. The serpent sinks its fangs into the flesh and almost instantly the poison passes through the entire body. Contagious Blood Poison, beginning with a little ulcer, soon contaminates every drop of blood and spreads throughout the whole system. Painful swellings appear in the groins, a red rash and copper colored spots break out on the body, the mouth and throat become ulcerated, and the hair and eye brows fall out; but these symptoms are mild compared to the wretchedness and suffering that come in the latter stages of the disease when it attacks the bones and more vital parts of the body. It is then that Contagious Blood Poison is seen in all its hideousness. The deep eating abscesses and sickening ulcers and tumors show the whole system is corrupted and poisoned, and unless relief comes soon this serpent disease tightens its coils and crushes out the life. The only antidote for the awful virus is S. S. S. It is nature's remedy, composed entirely of vegetable ingredients. S. S. S. destroys every vestige of the poison, purifies the blood and removes all danger of transmitting the awful taint to others. Nothing else will do this. Strong mineral remedies, like mercury and potash, dry up the sores and drive in the disease, but do not cure permanently.

REPUBLIC IS DOOMED, SAYS JUDGE REAGAN

Former Confederate Cabinet Officer Looks to Texas.

DALLAS, Tex., Oct. 12.—John H. Reagan, Postmaster General of the Confederacy and the sole survivor of Jefferson Davis' cabinet, who celebrated his eighty-fifth birthday last Thursday, in an interview yesterday said: "I feel that the American Republic is doomed. In that event, Texas is the hope of the people for free, representative government. Some day there will be at least 20,000,000 more people in this State than there are now. I do not want Texas to be divided. 'When Texas was admitted into the Union the right was reserved to make five States of the territory embraced in Texas. That should never be done. I do not base my opposition upon the pride that all Texans have in the Territorial greatness of their State. The reason Texas must never be divided is this: There can be but two kinds of republics, the confederation of States and the centralized government, the latter of which becomes nothing in the end but a monarchy.'"

"The United States is drifting rapidly into a monarchical form of government. It is not even now governed by men. It is controlled by money. The power of the financial interests is paramount to the power of the people. The result will be the dissolution of the confederacy of States, or a monarchical form of government. I want Texas to be big enough to stand alone when the dissolution of the Union shall come. That is reason enough for never dividing the State."

PARIS NOW PREPARED FOR ITALIAN SOVEREIGNS

PARIS, Oct. 12.—Because of the prospect that it may have political results as important as those which attended the courtesies personally exchanged by President Loubet and King Edward, France is awaiting with eagerness the approaching visit of the King and Queen of Italy, who, accompanied by the Italian foreign minister and other distinguished Italian officials, will cross the French frontier Wednesday morning. The first official reception to their majesties will be given at Dijon, from the frontier until they reach Paris King Victor Emmanuel and his consort will see decorations, including the entwined arms of France and Italy, which the enthusiastic French peasants have raised at almost every station.

IRISHMEN IN DUBLIN HAVE FORGOTTEN PARNELL

LONDON, Oct. 12.—A dispatch to the "Times" from Dublin says that the annual procession yesterday to Glasnevin Cemetery in memory of the death of Parnell, was the most dismal funeral, consisting of two or three bands, and four dozen "national foresters," and less than 100 little boys and girls. No member of parliament nor members of the Dublin corporation were present, and the memory of Parnell has ceased to be honored by the Dublin Nationalists.

USE OF DYNAMITE IN TEMPERANCE WAR

INDIANAPOLIS, Ind., Oct. 12.—The residence of William Wiley, a farmer, residing ten miles west of Greenwood, was badly damaged by dynamite Saturday night. The charge tore away a corner of the structure. It is believed that the attempt to destroy the house was made for the purpose of killing a blacksmith named John Knuckles, who lives with Wiley, and who has been active in a fight against liquor sellers, which has been waged for months by the temperance people. Many threats have been made against Knuckles by the supporters of saloons, and when he went to England two weeks ago to present a remonstrance against an applicant for a license, he was attacked, but defended himself so well that his assailants fled.

WOMAN IN PRISON

WILLIAMSPORT, Pa., Oct. 12.—Mrs. Cora Glover, of Dushore, is in jail charged with sending through the mails letters concerning prominent families of that place. Her arrest caused a great sensation, as she is a society leader and has borne an excellent reputation. For several months business men of Dushore have been receiving letters reflecting on their wives. They became so front as to be alarming. Several families were divided as a result of the letters. The arrest of Mrs. Glover was made by officers in the Federal service, who claim to have proof of her guilt.

TAMMANY HAPPY OVER GROUT'S DECLARATION

Braves Now Believe McClellan's Election Is Assured.

NEW YORK, Oct. 12.—Comptroller Grout's statement that he would support Colonel McClellan and the entire Democratic ticket was a subject of general felicitation at the Hoffman House yesterday, and the Tammany braves declared that if there had been any doubt of the election of McClellan it was now dissipated. The odds in the election betting have already jumped to 2 to 1 in favor of McClellan, and it is predicted that as good as 3 to 1 may be had before the week is over. It is recalled, however, that two years ago the betting at first favored Shepard by large odds until they shifted to Low as election day approached, and the day before the ballots were cast the Low adherents would give odds of 3 to 1 on the election of McClellan. A little surprise was expressed at Mr. Grout's announcement, as no other course was left to him. Even the strongest Fusion advocates admit that Mr. Low and Mr. Cutting acquiesced at first in the comptroller's view that he should support the Democratic nomination given without conditions with propriety.

TRIBESMEN ATTACK A MOORISH ESCORT

LONDON, Oct. 12.—According to Tangier advices to the "Times," an escort of native mounted soldiers, which accompanied a party of Europeans from Fez, was attacked while returning, forty miles from Tangier, robbed of everything and two wounded. Five Moorish soldiers were murdered last week by tribesmen between Tetuan and Tangier. Fighting between the Gharb and Beni Hassan tribes has completely devastated the whole of the former district.

MAKE BRIC-A-BRAC OF THEIR SKILLS

ST. LOUIS, Oct. 12.—The discovery of a secret organization of prominent men of St. Louis, who call themselves "Cephalists," and bequeath their skills to adorn their lodgerooms after their deaths, has destroyed the peace of mind of every woman who has heard of it. In a guarded, secret suburban place the Cephalists hold mysterious bi-weekly meetings. At such times outsiders have heard faint echoes of wild songs and hollow laughter, and the clink of glasses as toasts were drunk to the skills of departed members, for each member is pledged to the release of his head to his comrades at his death.

GIRLS SHOULD NOT PLAY BASKETBALL

Woman Physical Director Denounces Game as Harmful.

BOSTON, Oct. 12.—Basketball as a physical exercise, and especially its abuse as a physical training, was denounced strongly by Miss Lucille E. Hill, physical director of Wellesley College, at the convention here yesterday of the New England Association of Colleges and Preparatory Schools. As the chairman of a committee of the Boston Physical Education Society rather than a representative of Wellesley, she asked the assistance of her auditors in the investigation of alleged neglect and abuse of physical training in schools, particularly in the secondary schools. The physical effects upon young girls at this critical period in their growth into womanhood, the effects of permanent injury to beauty and health, the evil influence of such excitement upon the emotional and nervous feminine nature, and the tendency to unsex the player—these were the points which she brought forward for the consideration of the assembly, and its cultivation of the win-at-any-cost character nor refinement—were all urged against the game for young girls. For its vogue she blamed not so much those who revel in play, as the school boards and the principals who permit and in some cases encourage it.

HOW ARE AMERICANS MADE? ASK BRITISHERS

NEW YORK, Oct. 12.—The Alfred Mosely commission of inquiry, chosen in England to investigate the educational systems of the United States, yesterday mapped out its first month's itinerary. The investigation of the educational systems of New York city will begin today with a trip to Cooper Institute, and will continue until October 20, when the commission will go to Washington. "It is the hope of the commission," said Alfred Mosely yesterday, "to ascertain to what extent schools and college education has affected or is to affect American commercial and industrial efficiency. We wish to find out if it is the American school which makes the American man."

ARMY OF THE OHIO MEN PREPARE FOR RECEPTION

Final Arrangements to Be Made Tomorrow Night.

The final meeting of the Society of the Army of the Ohio will be held at the Ebbitt House tomorrow evening, to complete arrangements for participation in the Sherman statue unveiling. Details of the reception to be given on Thursday at the Ebbitt House to General Schofield and the officers of the Army of the Ohio are to be announced by special committee on program, of which Captains Armour and Pierce and the secretary are members. It was decided not to issue formal invitations to this affair, but to leave the matter to the discretion of individual members.

INQUEST TO FIND CAUSE OF MRS. HUNTER'S DEATH

Dr. Glazebrook Declares It to Be Concussion of the Brain.

The death of Mrs. Ellen Hortense Hunter, yesterday afternoon at 3 o'clock, has raised a question as to the cause of death, and an inquest is to be held tomorrow morning. Mrs. Hunter was sixty years old at the time of her death. She is the widow of William M. Hunter, and the oldest daughter of Henry S. and Clarissa Martin. Since the death of her husband she has lived with a brother-in-law, S. K. Coster, at 408 Second Street southeast. On September 7 Mrs. Hunter fell, at the corner of Delaware Avenue and B Street northeast, while alighting from a car at that corner. Policeman Frazier and the conductor of the car assisted the woman, who had struck her head, to the Casualty Hospital, only a few doors away. At the hospital the records show that she was treated for slight laceration of the leg and head, and was detained but a few hours. After her return home Mrs. Hunter was never well, and finally died. The family were convinced that her death was due to the accident, and reported the case to Coroner Nevill. Yesterday afternoon an autopsy was performed by Deputy Coroner Glazebrook, who found blood on the forehead, and a small amount of blood on the head. This, of course, necessitated an inquest, which will be held tomorrow afternoon at 1:30, from the late residence, inquest being in Alexandria, in the family burying ground.
